DISMISSALS
STIR IRE OF
DEMOCRATS

BY ARTHUR SEARS HENNING
WASHINGTON, April 12.—The
row over the sudden and
mysterious shake-up in the Bureau
of Praying and Praying continues
to make possible the duplication of
President Harding justifies his
course appears likely to develop
into an indictment of the
administration in the approaching
Congressional election.

By the administration it is
maintained that the President
summarily removed Director Wil-
son and his associates because
of their gross inefficiency
and lack of loyalty.

It is pointed out that the
President's action was not
based on any charges of
misconduct or inefficiency
on the part of the dismissed
officials.

It is further pointed out
that the President's action
was a necessary one in order
to bring about a more
efficient and loyal
administration.

It is also pointed out
that the President's action
was a necessary one in order
to bring about a more
efficient and loyal
administration.

It is also pointed out
that the President's action
was a necessary one in order
to bring about a more
efficient and loyal
administration.

It is also pointed out
that the President's action
was a necessary one in order
to bring about a more
efficient and loyal
administration.

It is also pointed out
that the President's action
was a necessary one in order
to bring about a more
efficient and loyal
administration.

It is also pointed out
that the President's action
was a necessary one in order
to bring about a more
efficient and loyal
administration.

It is also pointed out
that the President's action
was a necessary one in order
to bring about a more
efficient and loyal
administration.

It is also pointed out
that the President's action
was a necessary one in order
to bring about a more
efficient and loyal
administration.

It is also pointed out
that the President's action
was a necessary one in order
to bring about a more
efficient and loyal
administration.

It is also pointed out

WOMAN, THE VICTIM, DYING

McCormack Near Death

IRISH TENOR
SERIOUSLY ILL;
ASKS FOR PRAYERS

John McCormack

DISMISSALS STIR IRE OF DEMOCRATS

WASHINGTON, April 12.—The row over the sudden and mysterious shake-up in the Bureau of Praying and Praying continues to make possible the duplication of President Harding justifies his course appears likely to develop into an indictment of the administration in the approaching Congressional election.

CONVICTS SEIZED

Quinn Fugitives Captured in Napa
Gun Battle Lasting Several Minutes

Three of four convicts who escaped from the San Francisco County Jail last night, in solitary confinement, were captured today after an automobile chase and a gun battle lasting several minutes.

CITY'S RECORDS

FOUND IN PERU
Mining of San Francisco
Meals 1851 to 1855,
Have Turned Up

San Francisco, April 12.—Minutes of the meetings of the City Council and Board of Aldermen of San Francisco, for the years 1851 to 1855, which disappeared at the time of the flight of Henry Meigs, accused of forgery of \$80,000 in county warrants, have been located in Lima, Peru, according to a message from Prof. C. E. Chapman, Chapman is professor of California history at the University of California.

Because of their historical value, it is probable that an effort will be made to recover them.

The fourth convict, Douglas Griffin, has not been captured. His companion said he had disagreed with them as to the route taken, and had taken to the open country last night.

LATE MORNING NEWS

BURIED BY LANDSLIDE,
HUSBAND, WIFE DIE IN
LAST, LONG EMBRACE

SEATTLE (Wash.) April 12.—Charles Hebestreit and his wife were instantly killed last night when their house at the foot of a cliff on the outskirts of the city was buried under a landslide. The family, consisting of Mr. and Mrs. Hebestreit and their two sons, Carl and George, 16 and 13 years of age, was seated at the table eating dinner when the avalanche descended. The boys heard its roar and leaped through a window.

J. A. FORTHMANN, PIONEER, DIES

Following an illness of one week, J. A. Forthmann, 623 West Eighteenth street, president of the Los Angeles Soap Company, died last night of pneumonia. He had been a soap manufacturer here since 1865. Mr. Forthmann was born in Germany in 1843 and came to this country when 14 years of age, settling in Los Angeles.

RAID APARTMENT; ARREST TRIO

Raiding an apartment at 1311 South Albany street late last night, Sgt. Massey and Officer Bergman arrested one woman and three men and confiscated a five-gallon demijohn of liquor. The woman was Mrs. S. O. Davis, aged 31 years, charged with suspicion of robbery. The men arrested were William F. McMahon, aged 35 years, Edward Burns, aged 22 years, and P. J. Sullivan, aged 29 years.

DOG LEADS SEARCHERS TO BODIES

TOPEKA (Kan.) April 12.—The frantic digging of a small white dog in his efforts to reach his master, who had been buried in a cave in led late today to the discovery of the bodies of three school boys, who had been killed when a Boy Scout tunnel in the banks of Ward Creek in the western part of Topeka, caved in.

FOLLOWING QUARREL, TRIES SUICIDE

Following a party in her apartment at 1211 West Eleventh street, Mrs. Gwendolyn Oliver, aged 28 years, was rushed to the Revere Hospital early this morning and treated for bichloride of mercury poisoning. According to the police report Mrs. Oliver had swallowed three tablets in an attempt to end her life following a quarrel. Her condition, it was stated, was critical.

PAY UP OR TAKE PENALTY

Reparations Commission Tells Germany There Must Be No Sidestepping of Payments

PARIS, April 12.—The Reparations Commission tonight adopted the text of a note to Germany informing her that the commission's decisions of March 21, notably as regards payments to be made until May 21, are maintained, and that if Germany does not take necessary measures to put her finances in order the commission would be obliged to consider of its necessary consequences.

MEXICANS JAIL

AMERICAN AND
HIS PRISONERS

CALIFORNIA, April 12.—Deputy Sheriff O'Donnell of Andrade and two Mexican prisoners, who were on their way to El Centro, were taken from the train yesterday at Algodones, Lower California, and put in the Mexican jail there, said reports that reached here today.

SIR ROSS SMITH KILLED

New Plane Crashes in
Trial Flight in
England

LONDON, April 12.—Sir Ross Smith, the famous Australian airman and hero of the flight from England to Australia in 1919, was killed today during the first flight of a Vickers airplane in which he had planned to make a flight around the world, beginning April 28.

The machine had been tested a half an hour before by Capt. Cribwell of the builder's staff. Then it was turned over to Sir Ross, who with Lieut. Bennett as his sole passenger, immediately climbed to 2000 feet and put the machine through various maneuvers.

All seemed to be going well, but at the end of fifteen minutes the spectators noticed the machine rapidly nose diving. At about 300 feet the earth it got into a spin and crashed within a few feet of a crowd of workmen and guests.

Hollywood Matron

Is Brutally Beaten
By Three Bandits

Beaten unconscious by three thugs who broke into her home at 4952 Marathon street, Hollywood, late last night, and afterwards robbed her, Mrs. Anna G. Park, aged 50 years, was near death at an early hour this morning. Dr. J. S. Cipea attended her and police officers under Lieut. Slaten of the flying squadron and Capt. Homes of the Hollywood Station waited for hour for the elderly woman to regain consciousness and give a description of her assailants.

GIVEN UP, SEMENOFF IS JAILED

NEW YORK, April 12.—Gen. Grigori Semenov, assassin of the Czar, was locked up in the Ludlow-street jail tonight after a day of frantic effort by several lawyers to get a bondsman who would give \$25,000 bail to Sheriff Nichols. Semenov was arrested last night when he was seen leaving a hotel on Wall street.

FOUND DOORS LOCKED

Hearing the woman's cries for help, Sgt. Massey ran to the front door, which was locked. He then tried the rear door, but it had been locked from the inside. When he returned to the front door, he found it open and the thugs gone.

Hundred Homes in Berkeley, Va., Prey to Flames

NORFOLK (Va.) April 12.—Berkeley, a suburb of Norfolk, was swept by fire today which destroyed more than 100 houses, covering an area one mile in length and averaging from two to four blocks in width.

PLEADS INNOCENCE

Gen. Semenov, while he was waiting for the bondsman, who was not found, declared he was guilty of no atrocities in Siberia or anywhere else.

PLANE NOSE DIVES

All seemed to be going well, but at the end of fifteen minutes the spectators noticed the machine rapidly nose diving. At about 300 feet the earth it got into a spin and crashed within a few feet of a crowd of workmen and guests.

TELLS SAVINGS BY GOVERNMENT

Business Methods Effective,
Says Willis

Well Within Estimates for
Present Year

Paper Manufacturers Hear
Ohio Senator

(BY A. F. MONT WIRE)
NEW YORK, April 13.—Application of business methods to departments of the Federal government has resulted in a saving of more than \$4,000,000, Senator Frank E. Willis of Ohio stated in an address tonight before the American Paper and Pulp Association.

Senator Willis said that expenditures for the first nine months of the present fiscal year to March 31, 1933, amounted to \$2,948,937.84.

"I am convinced," he continued, "that the government is well within the sum of \$3,000,000,000 estimated in December, 1931, as the amount necessary to carry through the year. Ours is the only important government in the world actually living within its income and paying its debts."

BUSINESS REORGANIZED

"The routine business of government has been reorganized, duplicate purchasing co-ordinated so that different departments no longer bid against each other in the same market, and actually buy at different prices on the same day. Extensive work is now being done in simplification of routine business and establishment of principles which govern all properly run private organizations. The budget bureau succeeded in sending in its estimates promptly at the opening of Congress in the new form authorized by law.

"The sum of \$3,000,000,000 expenditures for the year represents not only a decrease of \$52,000,000 from the estimates of the departments and establishments at the beginning of the year, but a decrease of over \$1,000,000,000 from the expenditures of the year 1931."

Senator Willis told the manufacturers that if the pulp and paper business "is permitted to become ambulatory it will walk clear out of the country and across into Canada."

"We must keep it at home where it belongs," he continued. "We far as economically possible Canada is a vigorous, friendly competitor. She can produce mechanical pulp 18 percent lower and chemical pulp 19 percent lower than it can be produced here."

Walter J. Raybold was re-elected president of the association. The executive committee consists of the presidents of twenty affiliated associations to which three members at large were added. Louis H. Brown of Francisco and W. E. Haskell and Sidney Mitchell, both of New York.

WISCONSIN EDUCATOR HITS BACK AT "CHAUTAUQUA LECTURER"

(BY A. F. MONT WIRE)
MADISON, Wis., April 13.—The demand of William J. Bryan, made in a letter recently, that President E. A. Birge of the University of Wisconsin, should issue a statement on certain religious doctrines for the benefit of the "taxpayers" of Wisconsin, was answered today by President Birge with the statement that he did not believe that the taxpayers "have designated" a Chautauqua lecturer from Madison to start a theological grand jury inquiry of this kind in their name.

Referring to the controversy which was commenced by Mr. Bryan months ago, when he declared President Birge to be an atheist, the president today said that "Bryan, now finding that his charge of atheism will not hold, has shifted his ground, and he now propounds various theological beliefs and demands that I state my attitude toward them for the benefit of the taxpayers."

"I decline to do so," President Birge said, "since I have no reason to think that the taxpayers desire such information even if they had the right to ask for it."

NOTED SCULPTOR DIES

(BY A. F. MONT WIRE)
NEW YORK, April 13.—Henry Merwin Shrady, noted sculptor, who designed the Grant Memorial in Washington which is to be unveiled April 27 with the one hundredth anniversary of the general's birth, died today at the age of 51.

HALSELL SCORES SENSATIONAL VICTORY OVER ROBERT HUNTER

VETERAN VANQUISHES OPPONENT WITH EASE

6 and 4 by Steady Playing; Hunter Eliminates Godchaux in Golf Championships

BY PAUL LOWRY
Two rounds of match play at Flintridge yesterday reduced the number of the championship field to eight men, and these will play the final today for the southern golf crown. Only one of the players, Robert Hunter, was a new name. The match was played between Hunter and George Von Elm for the title. This will start at 9:30 o'clock this morning.

GOLFER SEES ROSE LIGHTS

BY ONE UPPE
Well, folks, I wish you could have been fortunate enough to be out to good old Pasadena Golf Club yesterday and followed around with me, and enjoyed my play, and saw me win my way into the final of the defeated eight by an exhibition of superman skill and pure courage such as has rarely, if ever, been seen before in our heaven-favored Southern California—long may she wave! It was a wonderful day, with Mother Nature showering her favors on me, and the lovely flowers blooming on the hillside, and the sweet little meadow larks and nightingales warbling their soothing songs to rest my tired nerves. Yes sir, I feel like a new man, and I owe it all to golf, and if anybody ever mentions goat glands or iron to me I'll laugh him to scorn—I'm as young as I was at twenty.

The only fly in my ornament was to think of such superb golf being wasted down in the seventh or eighth hole, and no gallery, or anyone but my opponent, and caddy to enjoy and profit by it. And all the time I was thinking of this lucky Seaver and Armstrong and Campbell and the rest of our Southern Cal. heroes as they were desperately over at Flintridge trying to repel Von Elm and Neville and these other foreign invaders who are trying by fair means and foul to take away our golf honor, and me wasting each golf down in the last hole, and not able to give them the help of my superb courage and determination and deadly putting at a time when they most need it.

DO THEIR BEST
Of course these boys of ours, and even Gloomy Henderson, and Bill Campbell and Scotty Chisholm, will do their best, and when they get put out, not one of us will crab, or say they threw the towel.

CHARACTER OF THE CAR MAY BE READ IN THE LINES

There is something in the mere appearance of the Pierce-Arrow that gives you confidence and admiration. In it one sees the uncommon character of an reads character in the face of a forceful and resourceful man. The power and elasticity could not be hidden in the body of a car and not revealed through and reveal itself in lines and presence as well as in performance and responsiveness. The Pierce-Arrow looks the part it plays.

WILLIAM E. BUSH, 1701-1711 South Grand Avenue, Los Angeles, San Diego

Pierce-Arrow

WICHITA (Kan.) April 13.—Ed "Strangler" Lewis, world's champion wrestler, successfully defended his title here tonight by throwing Earl Caddock of Iowa two falls out of three. Caddock took the first fall in sixteen minutes with a head scissor. Lewis took the second with a series of headlocks in thirty-five minutes, and the third in eight minutes with a headlock.

TINY HARTRANFT OF FULLERTON

THE WORLD-RECORD HOLDER IN THE SHOT, NEVER COULD FIND A RUBBER BALL STRONG ENOUGH.

Years ago some of our English ancestors came over to America and began "dropping their H's." Two of these "H's," the Hartranfts, and Housers, migrated to the Far West and settled at Fullerton and Oxnard. So it came about that the Oxnard High School boy of 18, who had beaten the mighty Pat McDonald in the shot put, had won two Olympic championships and had won the national five times, and it was a great honor to him to be beaten by a schoolboy half his size and a third his age. Later that year Bud put the shot 48 ft. 4 in. and as he had already thrown the discus 146 ft. 4 in. for a new world record, twice as far as "Tiny" used to be beaten by "Bud" regularly in high school meets, and last year, too, except in the national discus throw, where he took third and "Bud" fourth.

WHAT HAPPENED
But then, however, it is a different story for Glen Hartranft is the outstanding star of the year in athletics—if his name were stamped on all the toothpicks of all the restaurants of the Coast it wouldn't be more in the mouth of the public than it is now. Listen to a few facts about the athletic prowess of Mr. Hartranft, of Fullerton High School and Stanford University. First, he has run the 100 yards in 16.4, which stamps him as a first-class sprinter. Secondly, he has already broken the

MISSOURIANS IN BERKELEY

Handicapped throughout their trip from Columbia, Mo., by not being able to indulge in any practice, the fifteen-man track team of the University of Missouri arrived in Berkeley this morning. Coach Bob Simpson, a hurdler of international reputation, and V. L. Superline, secretary to the graduate manager, were the other members of the party. The Tigers, who face the University of California Bears in a dual meet on the Berkeley oval Saturday, were a train weary and felt the need of immediate limbering. So Coach Simpson lost no time in sending his charges for a light center over the cinder paths of the U.C. track. Again tomorrow afternoon the visitors will hold a light workout, the final preparation for the meet.

CLOSE STUDIES OF STARS

BY FEG MURRAY
Coast record in the discus. Thirdly, we come to the shot put: last year he could only put 44 ft. This year, due to the coaching of "Dink" Templeton, he has put the shot over 48 ft. Over a different track meet, and one of these heaves was 50 ft. 3 in.

WHAT HAPPENED

GOTTO IS STOPPED BY SALAS

Southland Amateur Banty Title Holder Loses by Kayo in L.A.A.C. Ring

The semimonthly amateur boxing matches at the L.A.A.C. last night were productive of some tall milling and especially was this the fact in the last few set-tos. The main event—a clash between August Gotto and Joe Salas, 120-pounders, was a whole of a fight as long as it lasted. Salas's long reach stood him in good stead and it was not long before he began scoring with lefts to the nose. In the middle of the second round Salas began using his right. As August bore in, Joe smacked him with a right flush on the chin and down went Gotto. He took the count of nine and was so wobbly when he arose that Referee Ernie Clark stopped the bout and raised Salas's hand.

ANDY SMITH FAVORS CHANGE

CHICAGO, April 13.—Andy Smith, successful football coach at the University of California, passed through Chicago last night on his way to Berkeley. The mentor of the Golden State eleven is the Coast's representative on the football rules committee, and was en route from the annual session held in New York recently. The California coach asserted he is satisfied with the changes in the rules. He said the committee has the alterations, and the coaches must make the best of them.

SERAPHS TURN ON VERNONITES

Ponder Baffles Tigers With Nifty Dealing

Love Deals Great Game, but Blows Up in Eighth

Angels Annex Pastime by Score of 5 to 1

BY ED O'MALLEY
Angels, 5; Vernon, 1, and a dash refund in case you were not perfectly satisfied. Little pebbles at their searous sometimes change the currents of mighty rivers. This little poetical allusion fits in snugly with Master Slim Love's tenure of crag office yesterday within the confines of Washington Park.

SULLY THERE
Sullivan, glimpsing opportunity to the right of Love, equipped a beautiful teaser in that direction. Slim in one stride was upon it and was slow in rising to a throwing posture, with the result that his toes to Smith was just a shade too late to force McCabe at third. The sight most wondrous for Angels rooters—the bags drunk and spilling, and nobody out! As Slim had been in a similar predicament in the earlier stages of the game, and as lightning is credited with never springing an encore, Tiger hemmen grew uneasy in their seats. Daily stood at the plate and to poor Slim he looked like Harry Heilman, Babe Ruth, Rogers Hornsby and George Stiller all

Charley Paddock Leaves a Wreckage of Broken Sprint Records in Honolulu

SETS SEVERAL WORLD MARKS

But A.A.U. May Not Allow Them to Stand

Wind Favored Champion in Busting Records

Timers and Judges Said to be Competent

By RILEY H. AILEY
(NY CABLE-BUREAU DISPATCH)

HONOLULU (T. H.) April 13.—Charley Paddock, the California flyer, cracked records right and left when he won the sprint races here on the afternoon of April 11, but whether the marks he set up will be allowed by the A.A.U. has been questioned locally.

(1) Equaling his world's record for the 100-yard dash of 9 3/4 seconds.
(2) Breaking his own world's record of 11 3/4 in the 120 yard dash, and setting a new record of 11 3/4.
(3) Breaking his own world's record of 12 3/4 in the 120-yard dash, and setting a new record of 12 3/4.
(4) Breaking the world's record for 175 yards, announced as being previously held by an English runner at 19 1/4, and setting a new record at 18 1/4 seconds.
(5) Breaking the Hawaiian A.A.U. record for 220 yards of 13 1/4 seconds and setting a new record at 12 seconds flat.

In addition to this, Paddock breezed through his trial heat in the 100-yard dash winning pulled up and with yards to spare, in the fast time of 10 seconds flat. Quite a nice afternoon's performance for anybody, even a Paddock.

COMPETENT OFFICIALS
Now something as to the conditions under which the records were made.

First, the timing was in competent hands. The men with the watches have been officiating usually as timers, in races of various kinds—running, swimming, horse racing—here for years, and the principal timers have been holding watches on national A. A. U. championship swimming races whose records have been accepted and written into the record books.

There seems no reason to question the time actually caught by these officials.

Secondly, the races in which the records were established: The records of 9 3/4 for the hundred, 11 3/4 for the 120 yards, and 12 3/4 for the 120 yards, were all made in a single sprint.

Paddock had warmed up nicely with his 10 flat in the trial heat of the hundred. The final heat was run over precisely the same ground as the trials, in addition, to allow Paddock a chance at the 120 and the 125 yards, there were lapses across the track at the 120 mark and at the 125 mark, with timers at each—four timers at the 120 mark, four at the 125 and four at the 125.

RAN ON CURVE
The track at Kamehameha Field, where the A. A. U. meet was held, barely allows a 100-yard straightaway. To set the 120 yards, the sprint had to be made to the beginning of the curve, and the 125-yard mark was on this curve.

WIND IN HIS FACE
Thus, the wind, which was behind him for about the last half of the 220 yards on the day he ran his trial heat in 21 4/5, March 29, was in his face for part of the 120 yards, final heat, April 1, which he covered in 12 seconds.

PULLMAN GOLFERS TO AID VARSITY PLAYERS
(BY A. P. NIGHT WIRE)
PULLMAN (Wash.) April 13.—The Pullman Golf Club has offered to co-operate with Washington State College athletes in their effort to establish golf as a minor college sport. An effort is to be made this spring to develop a college team on the club's nine-hole 125-yard course.

LOWLY PHIL VICTORS
(BY A. P. NIGHT WIRE)
PHILADELPHIA, April 13.—Parkinson's triple in the eighth inning enabled Philadelphia to day to take the second victory from Boston 4 to 2. After the first inning when the Braves got two hits, Philadelphia, with a pace and Fletcher's error for their two runs, King held the visitors.

CUBS WIN AGAIN
(BY A. P. NIGHT WIRE)
CINCINNATI (O.) April 13.—Laque was hit hard, and Chicago had little difficulty in defeating Cincinnati today, 5 to 1. Hollister's folding again was a feature.

LATE SPRING SPOILS
(BY A. P. NIGHT WIRE)
SPOKANE (Wash.) April 13.—Eastern Washington alms who have been looking forward to the opening of the fishing season received further disappointment in news yesterday.

Boston Red Sox Pounce on Athletics, 6 to 2

BOY, PAGE HOUSE OF DAVID!
SACRAMENTO, April 13.—The spirit of '49 invaded the clubhouse of the Sacramento baseball team today. All the players from Manager Charlie Pick to the utility brigade voted unanimously to grow whiskers—that is if League President William H. McCarthy permits it. The movement, started with Oscar Stange, who argued that, in view of the Days of '49 celebration to be held in Sacramento next May it would be the proper thing for the Sacramento ball club to grow whiskers, and look like '49ers. All joined in and the Days of '49 Committee, just to make a little of the contest, offered a list of prizes for the players growing the best facial adornments.

Suddenly Charlie Pick seemed to think there is a rule in organized baseball which prohibits a player from growing whiskers. No one was able to state otherwise and the Days of '49 Committee hurriedly sent a wire to President McCarthy, whose answer is being feverishly awaited. The Sacramento players are rarin' to go, and while most of them are planning mustache and sideburns, some of them, including Buddy Ryan, declare they're going to let their whiskers grow wild.

TED MORGAN'S SPURT
WINS RING DECISION
OAKLAND, April 13.—"Dynamite" Ted Morgan downed two in the first round of his four-round match here last night, but Morgan came back and won the decision in the fifth round, which was a close one. Morgan won from Eddie Diggins in the main event.

INDOOR BALL GAME
Crystal Pier indoor baseball nine will tangle with Larry Simon's soft ball swatters Sunday morning at 10 o'clock, on the Lasky Studio field.

Manager Maclean of the pier squad announces that they are in need of more games, and if any team would like to book a few matches, Henry Viera won from Eddie Diggins in the main event.

Edgren Joins Anglers

Leigh Gardner, manager of the Rainbow Angling Club announces that several more local sportsmen have taken out memberships in the club. Included in the list is Robert W. Edgren, the well known sport writer and cartoonist.

Beavers Grab Slugfest from Mormon Gang
BALZ LAKE CITY, April 13.—Portland specialized in long-distance hitting today and won the second game of the series, 11 to 1. Kenworthy, High and Thorpe knocked home runs for the Beavers, and Schick for Salt Lake got two circuit drives. A see rally in the ninth produced four runs, but lacked three of a tie. Score:

Sud Rally in Fifth Chapter and Rout Sacs
(BY A. P. NIGHT WIRE)
SACRAMENTO, April 13.—Until the fifth today Penner and Jacobs were staging a nip and tuck pitching duel for a pretty ball game. The things began to happen. Wall McCredie's Seattle Indians nipped Penner for five safe clicks, including a homer by Murphy and a two-run wallow by Lane, sending six runs clattering across the gutta percha and tucking the combat away in the trophy case. Sacramento had collected in the meanwhile a marker for the Senator's run alley in the fourth. From there on Col. Pick and his men were unable to fathom the Siwash hurler and the game went north; count 6 to 1. The score:

Seals Commit More Boners; Lose to Oaks
(BY A. P. NIGHT WIRE)
OAKLAND, April 13.—For the third time in as many days San Francisco proved unable to refrain from errors and Oakland romped away with a victory which had not been earned, 3 to 2. Davis outpitched Arlett but in the first inning, Ellison presented Oakland with a run; in the fourth Brubaker and Koehler coupled double opportunities for another, and in the seventh Rhyme and O'Connell put two errors together in such shape that the outcome was another tally for the Oaks. The fact that it was the thirteenth of the month, however, did not prevent the Seals from scoring their first run in twenty-one innings of play. A hitting rally in the ninth produced this and another score, but the Seals hadn't the punch to put over the tying run. Score:

INDIANS ON TOP
(BY A. P. NIGHT WIRE)
CLEVELAND, April 13.—Cleveland made it two straight from Detroit, winning, 5 to 3. Ehmske had two bad innings. Uhle started to pitch for Cleveland, but was forced to retire at the end of the second inning as a result of being hit on his throwing arm with a ball thrown by Ehmske in an attempt to catch Uhle off second. Shoestring catches that ended in somewhat faulty by Prager, Speaker and Jamieson were features. The score:

RED SOX GET EVEN
(BY A. P. NIGHT WIRE)
BOSTON, April 13.—Boston evened the series with Philadelphia, winning today, 6 to 2. Karr allowed five hits. Errors figured in both Philadelphia runs. The Red Sox hitting was timely. Pratt leading with two doubles and two singles.

Resume Intercollegiate Baseball Schedule

SERAPHS TURN ON VERNONITES

(Continued from First Page.)

rolled into one. On the second ball pitched, Daly gave the horsehide a low-down, Corkonian swipe and away it went. Daly bent toward the left-center fence. At this juncture the bases looked like a merry-go-round with scurrying cherubs. The bags were scooped to a nicety. McCabe, Lindmore and Sullivan dashing over the rubber like trained nips, while the old pill was trotting along the edge of the fence.

DAILY SWARE

Daly swung past second as Chadbourne recovered the malignant sphere, and headed full steam on for third, but the Chadbourne-French relay to Red Smith came in on a special delivery stamp and the Corkonian was touched out. With nobody on, Daly felt easier, but even then he could not locate the plate. Ponder drawing a pass. Back he went the kibosh on Love, shooting in. Other, who found little trouble disposing of Carroll and McAuley.

Up to the eighth frame Love showed a corking good ball. He had more on his curve ball than at any other time of his heavy career on the Coast, but the psychological moment was just one too many for him and soon put him in the limbo of useless.

SHOWS FINESSE

As for Ponder, who projected for the Bengals, he showed considerable finesse in the art of twirling. He had a side arm curve that looked like the dome of the Capitol in Washington, and say, if you don't believe us, just had Red Smith and see what he's up to. He mixed 'em up pretty and up to the ninth inning had good control. His feature stunt, however, crept up in the last of the ninth—an inning that is usually fruitful of Bengal ball.

NOT FOR MEN

Emick shot his star pitcher-hitter, Mr. Locker, into the breach. Now what does old Ponder do but suddenly regain control and sweep three elusive curves over the plate for as pretty a strike-out as one would run up with in a month of Sundays. We'll say the Bengal team moaned and groaned.

But wait a minute—the old war horse Chadbourne still had a chance to even up matters. He der, however, like Richard of old, was himself again and on the first ball pitched lured Chad into a fireman's candle to Lindmore. And now that we have hit upon the salient points of the game, we long leave, dear bugs, to say so long and we'll meet you at the hot dog emporium tomorrow. The score:

TILDEN PRAISES MOLLA MALLORY

(Continued from First Page.)

Champ Calls Her Greatest of Women Racketers

May Bundy Also Comes in for Star's Praises

Mary Browne's Style at Nets Landed, Too

BY WILLIAM T. TILDEN, II.

Tennis Champion of the World, 1920-21

The first annual women's championship of the United States in tennis was held in the year 1887. Since that time seventeen champions have been crowned, among several of the most remarkable figures in the world of sport.

The outstanding personality over the entire thirty-four years of the competition is that of our present titleholder, Mrs. Franklin I. Mallory, formerly Miss Molla Mallory. This great player, in my opinion the greatest woman tennis player of all time, holds a record for consistency of performance that stands alone. If she repeats this season, and I see no reason to doubt that she will, she will equal the marvelous seven-year record of William W. Larwood and R. D. Sears in the men's event.

PRAISES FOR MAY.

It is to May Sutton Bundy that the signal honor of winning the Wimbledon tournament in England, the only time that has been held by an American woman, must go. Mrs. Bundy, after more than a decade of retirement, returned to the game last season and proved herself still one of the greatest players in the world. No less an authority than A. Wallis Myers, the leading English critic, placed her on the honor roll the first year in the world. Yet Mrs. Bundy, as Miss May Sutton, held the American championship but once, namely, in the year 1904.

One of the most famous players whose name will live long in the annals of the game is Miss E. H. Moore, who held the championship four times in 1904, 1905, 1906 and 1907. Her record has been surpassed only by Mrs. Mallory and tied once, and that by the greatest of all women players, Mrs. George Wightman of Boston, the famous Miss Hazel Hotchkiss, the champion of 1909 first saw Miss Hotchkiss in the East and for three years she ruled the tennis world. Then she retired to be followed by another great star from California, Miss Mary Browne. Ten years to the day from her first victory, Mrs. George Wightman, no longer Miss Hotchkiss, regained the title from a field that included Mrs. Mallory and Miss Marion Zinderstein. It was a triumph of brilliant tennis generalship, for Mrs. Wightman had been out of the game completely for over five years. Her recent retirement from active singles play robbed the game of one of the classiest tacticians ever known. Mrs. Wightman is the Norman Brooke of women.

BEST ON STROKES

Miss Mary Browne, who held the title in 1912, 1913 and 1914, is a player of outstanding merit. I consider her the finest exponent on strokes among the women of America.

Over the last ten years Mrs. Mallory and Miss Browne have overshadowed the field, with Mrs. Wightman their equal in her all top infrequent appearances. This is significant. It shows the lack of first-class material in the East. True, Mrs. Mallory is now a New York woman, but she is a Norwegian by birth and much of the credit for her tennis must rest in her early training. Miss Browne, who came to the East with Mrs. Wightman and Mrs. Bundy are all Californians. Does it not seem that the East should take steps to bring forward players of equal class with these great stars? The material is here. Let us develop it.

TIJUANA RESULTS.

(SPECIAL DISPATCH.)

SAN DIEGO, April 13.—Walter Dant took the fifth place at Tijuana today, being closely pressed by Louis Lachmund, a far out- sider, who closed a big gap, beating away badly. York Lammie, made popular choice, finished last. Double Van grabbed the fourth event, in which Hamilton A. pulled up lame and may be out of the game for some time.

Indian Brigade got up to defeat W. C. Dooley by a note in the third. The winner would have paid a great price had he not been paired with two others in the field. Capon had a hard struggle to take first, but managed to get up in the last strides to win with Alzona second and Poma third.

The stewards this morning rejected the entry of all horses belonging to James Parson pending an investigation of an alleged violation of the claiming rules.

LAW DIDN'T STICK

(BY A. P. MONTGOMERY.)

BALTIMORE, April 13.—Charges of violating the Sunday character laws made against Jack Dunn, manager-owner of the Baltimore International, were dismissed by the city court today. The charges were a sequel to the Baltimore-Philadelphia Athletics game Sunday and were based on a report of the police captain of the northern district. No arrests were made.

KEPT LAUGHING

I had to laugh all the time at his comical remarks, and he never cracked a smile all the way while he pulled them. For instance, at the short fifth, a fly lit on my ball and I spoke of it as a fly, and that threw me off, and I drove in the lake. But I took my niblick and pitched it out like Joe Hutchinson, and dumped that old pill right into the cup for a birdie "two" from forty yards away. So the old boy missed his putt, and then he turns to me and with his quiet, delicious humor he says, "Say, did you ever happen to fall into a well before?" And I says, "No, what an amusing question—why do you ask?" "Oh, I just wondered whether you'd come up with rouse or orchids in your corage," he says, and that was the way he kidded all the way.

GOLFER SEES ROSE LIGHTS

(Continued from First Page.)

match. But the trouble with these boys is that when their luck gives out, they're done, and the stuff's off, while with me, when I get to going, there's no stopping me, and I'll bet I could have put Neville and Von Elm both out yesterday and likely saved the day for the south. There certainly ought to be some way devised so that players like I would be sure to get into the first flight, especially in case of these inter-sectional matches.

Well, anyhow, it was all wonderful, and I never enjoyed anything more. My opponent was a lovely old character—kind of hard of hearing and crabbed and sarcastic and forgetful of little things like paying his share of the lunch and caddy, etc., but a fine

A CHUCKLE FOR EVERYBODY

"REG'LAR FELLERS"

By GENE BYRNES

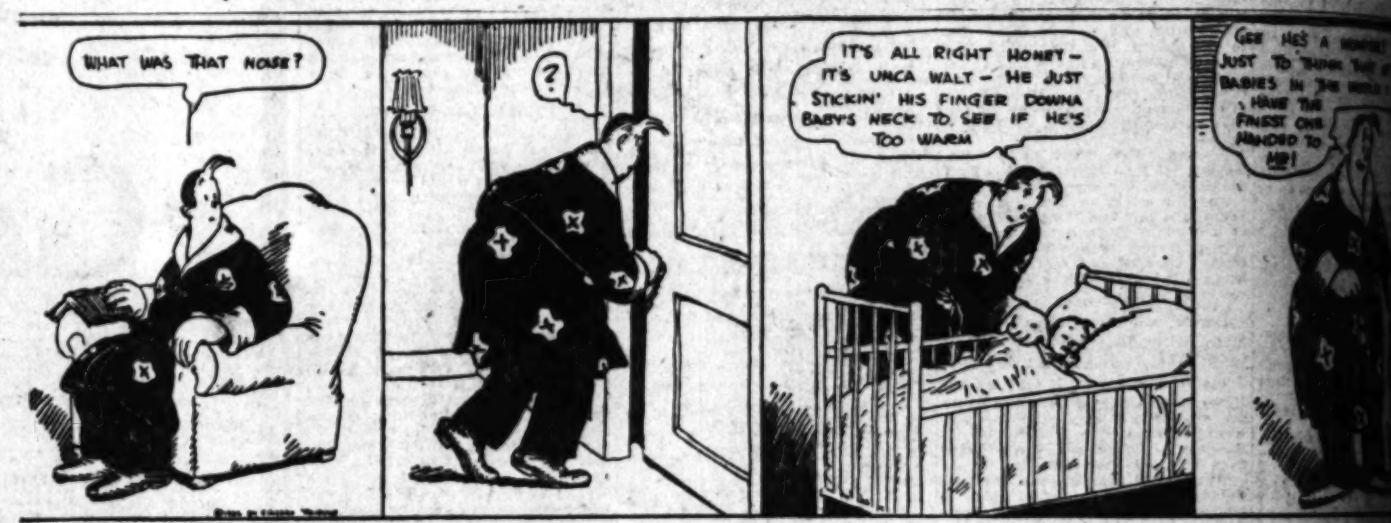

AND THE HAT CAME BACK!!

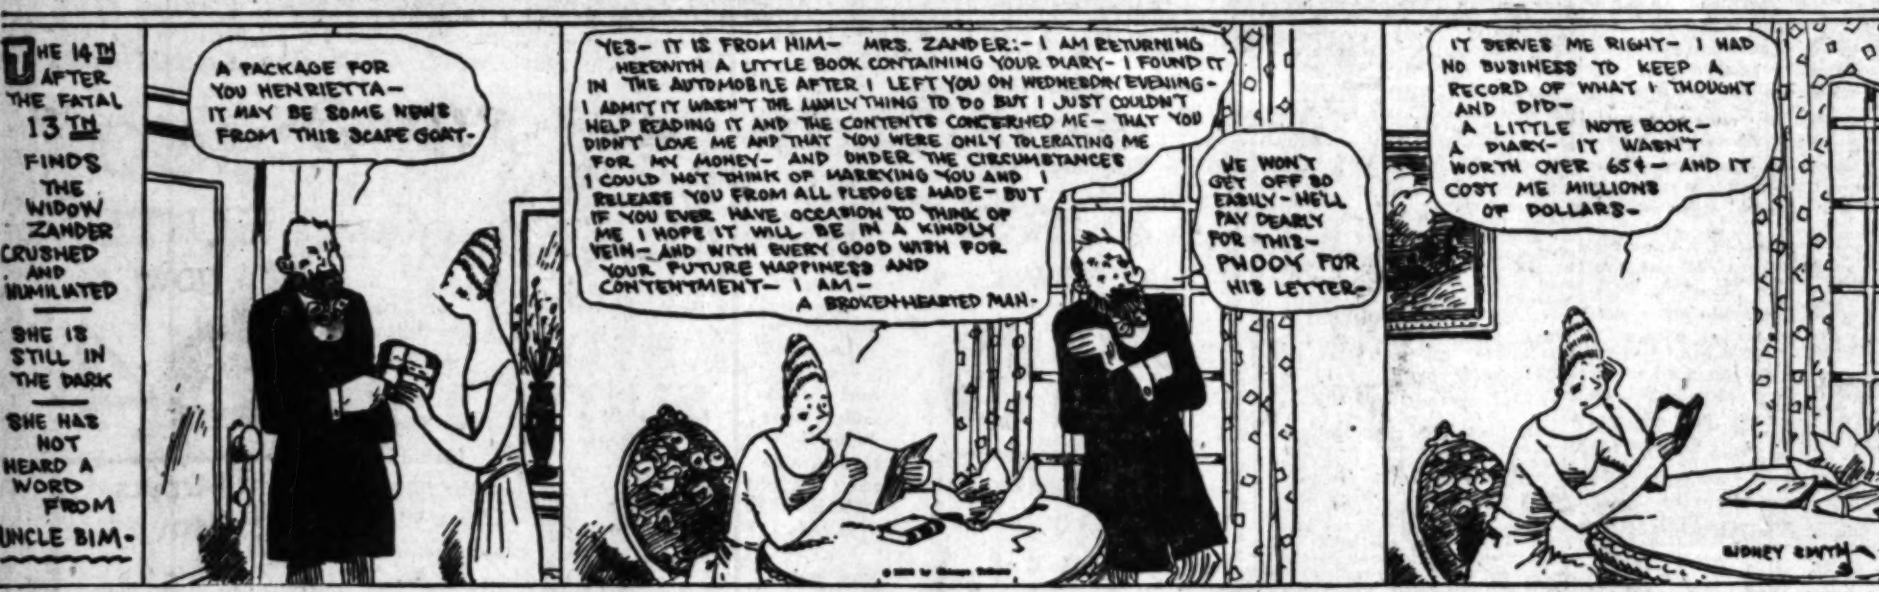

Can You Think of an Idea as Funny or Funnier Than This? If So, Send It In and Win a Cash Prize. Starting every Friday and ending every Thursday, The Times conducts a Wad comic-strip contest. The best idea gets \$10, and next \$5, and all others available must be original, local, "drawable" and funny. Each picture must be described in words or a rough sketch. Title and dialogue must be supplied. All entries must be sent to the Wad family—Cicero Wad, the spender; Titus Wad, the nickel surgeon; Mrs. Spenda Wad, club and society woman; Wad & Wad, the baby; Elva Wad, pretty and frivolous daughter; Gann Wad, 12-year-old terror; and Cicero Wad, Jr., the baby. Write on one side of paper only. Address all entries to Wad, care The Times. Anyone may compete and submit as many ideas as desired. No manuscripts or drawings will be returned.

CHICAGO UNIONS BOMB BUILDING

Reign of Terror Kept Up by
Criminals

Landis Award Antagonists
Fight Citizens

Detectives to Guard All New
Constructions

EXCLUSIVE DISPATCH.
CHICAGO, April 13.—For the second time in a month a building being remodeled under the terms of the Landis award was the target of a black powder bomb tonight. It was presumably placed by antagonists of the citizens' committee to enforce the award. The building is at two-story frame structure at 1114 Front street. The infernal machine was placed near the front of the building, probably with a time mechanism, for no one living in the vicinity remembers seeing anyone leaving prior to the explosion. The bomb shattered the windows and demolished the front steps.

RECEIVED WARNING.
The owner of the building admitted to the police that he had received an anonymous warning about a month ago to cease employing workmen furnished by the citizens' committee. He ignored it, and three days later a bomb blew away a portion of the foundation. He said he has received no warning since the first one which he ignored.

The bombing of structures being awarded under the terms of the Landis award has become frequent since the final determination of the citizens' committee not to deal with the union carpenters or other union employees who failed to accept the terms of the wage decision. The citizens' committee has made arrangements to have detectives and police guard all of the larger construction work. In addition to taking out insurance to cover the cost of possible damage which may result from bombs.

Conferees at which every branch of union labor in Chicago will be asked to support the building trades in the city in whatever stand they may take in the Landis award controversy will be held, beginning Monday, Fred Maday, president of the Building Trades' Council, announced today.

Following the suggestion of Samuel Gompers that Chicago building trades hold daily meetings until a policy of repudiation or acceptance of the Landis award is adopted, representatives of every local trade union will be asked to vote on what stand shall be taken. Whether renewed attempts to confer with the citizens' committee shall be made and a labor committee appropriation for such a conference will be one of the questions submitted to the meeting, it was intimated.

Reports that Mr. Gompers was making an effort to have John Fitzpatrick resign as head of the Chicago Federation of Labor were in circulation in labor circles during a two-hour conference between Gompers and Fitzpatrick.

Mr. Fitzpatrick refused to divulge the purpose of the conference when questioned just before the meeting.

HIGHWAY CONTRACTS AWARDED BY STATE

SAN BERNARDINO-IMPERIAL
VALLEY LATERAL TO BE
OF CONCRETE

BY A. P. WHEAT WIRE.
SACRAMENTO, April 13.—A contract for the last gap of the San Bernardino-Imperial Valley lateral, bridging the desert portion between Banning and the edge of the irrigated section near Westmoreland, constituting twelve and one-half miles from Banning to Whitewater, was awarded by the State Highway Commissioner today to the Lee Moore Contracting Company of El Paso, Tex., on a basis of reinforced concrete, for \$1,717,516. This sum, plus materials furnished by the state, makes a total cost for the section of \$2,745,664.

The commission also awarded a contract for the construction of the west-end section of the Coalinga lateral, a distance of eleven miles from San Lucas, on the main line to near the Long Valley school in Monterey county. The contract was awarded to the Standard Industrial Engineering Corporation of San Francisco on a low bid of \$1,338,850. The section will be graded twenty-one feet in width and twenty-four feet in depth, surfaced with gravel. The total cost, including materials, will be \$1,647,516.

JAPANESE CONTINUE SIBERIAN INVASION

FRENCH AND GERMANS BURN
TOO, ENGLISH SLOW AND
AMERICANS ABSENT

BY CABLE AND ASSOCIATED PRESS.
VLADIVOSTOK, March 15.—The Japanese are continuing persistently their plans of peaceful penetration into Siberia. They are creating companies and trusts for the exploitation of the wealth of the country, using in most cases Russian titles for purely Japanese enterprises. The last to be announced was a big timber company with a capital of from 4,000,000 to 6,000,000 yen.

A French consular is soon to arrive. It is reported, with a project for a forestry concession. The Germans are very active. A "society of Russian-German trade" has been newly established in Vladivostok, and its activities are expected to result in the foundation of a big company for the exploitation of forests and mines.

The British are not showing much activity, and so far there is no American enterprise in evidence. The new project of government-owned, applying chiefly to the wealthy classes and house and create a great fund of free cash for the payment of taxes. It is that any foreign bank opening credit operations will eventually get a good half of the properties in cities on mortgage.

ROBBERS ABOARD STEAMER BUSY

Guard Thrown About Vessel
in Baltimore as Search Is
Made for Thief

BY A. P. WHEAT WIRE.
BALTIMORE, April 13.—Passengers and crew of the Pacific Mail steamship Venezuela were held on board today while search was made for a thief whose operations on the voyage from San Francisco to this port were said to have deprived half a dozen or more passengers of jewelry. Most of the missing articles listed by the police were set with diamonds. A guard was thrown about the ship while the investigation was in progress.

Plan to Expose Gotham Lunatic Asylum Abuses

EXCLUSIVE DISPATCH.
NEW YORK, April 13.—A report of abuses in lunatic asylums exposed in the last century by Charles Reade, English author, is threatened in exclusive private sanatoriums of New York City, according to a report yesterday to Supreme Court Justice Guy by John J. O'Connell. O'Connell asked an investigation of Dr. Edward R. Sowell's institution for the cure of nervous diseases in Park avenue.

The petition was referred to the State Attorney-General, who in turn designated the State Hospital Commission to take steps to investigate the charges made by O'Connell. The complaint grew out of the recent suit brought by William Randolph Melville, wealthy manufacturer of chemicals, to have his wife, Mrs. John R. Melville, of Hotel Plaza, adjudged insane. O'Connell was appointed by Justice Guy as guardian for Mrs. Melville, whom the jury found to be sane. Charges were made by Mrs. Melville that her husband was prompted to have her declared insane to enable him to gain control of her fortune of \$700,000, made during the war from sales of chemicals to the Allies.

Mrs. Melville declared her husband insisted that she enter Dr. Sowell's sanatorium. Once there, she said, the doctor hypnotized her and administered drugs which wrecked her nerves. In this condition she submitted to an examination by alienists, whose affidavit she avers, Melville attempted to use at a hearing on her sanity.

VALUE OF FOREIGN TRADE IS INCREASED

MARCH EXPORTS ARE HIGHER
SINCE OCTOBER; GAIN
IN IMPORTS

BY A. P. WHEAT WIRE.
WASHINGTON, April 13.—Increase in the value of America's foreign trade was reported today by the Department of Commerce with announcement that exports last month aggregated \$350,000,000, the highest since October, 1921, and that imports totalled \$255,000,000, the greatest since December.

Exports last month compared with \$337,000,000 during March, and were nearly twice as great as the pre-war figure of \$187,000,000 in March, 1914.

Imports in March aggregated with \$252,000,000 a year ago and with \$255,000,000 in March, 1921.

Exports for the nine months ending with March aggregated \$2,513,000,000 against \$2,509,000,000 during the same months of 1921, while imports for the period totalled \$1,810,000,000 against \$2,000,000,000 during the same months of 1921.

Gold exports for the nine months ended with March aggregated \$21,000,000 compared with \$181,000,000 in March a year ago, while gold imports for the period totalled \$154,000,000, compared with \$454,000,000 for the corresponding months of 1921. Silver exports for March aggregated \$5,504,561, compared with \$3,913,535, in March, 1921, while imports totalled \$6,953,102, against \$3,372,947 in March a year ago.

Silver exports for the nine months ended with March aggregated \$44,909,194, against \$40,440,721, during the corresponding months last year, while silver imports for the period totalled \$54,027,121, compared with \$48,544,520 for the nine months ended March, 1921.

DEMOCRATS WANT TO BRING TAXES DOWN

SPOKANE (Wash.), April 13.—Lower taxes, a national bonus for war veterans, repeal of the State poll tax law, and nonpartisan elections for legislative and county officers, are recommended by the committee on resolutions of the State Democratic convention.

George F. Christiansen, Democratic State chairman, announced today. The recommendations will be submitted to the State convention at its meeting in Olympia, May 24, and if adopted by the convention will become part of the State platform.

ZONE SYSTEM RICE GROWING

BY A. P. DAY WIRE.
WILLOW, April 12.—The zone system of rice growing was in effect adopted here with the refusal of the directors of the Jacinto irrigation district to grant permits for water presented by three applicants. The decision of the directors said, among other things, that the rice industry "brings in an undesirable foreign element in which does not in any way assist in the upbuilding of the community, but rather tends to drive out the better class of American farmers."

Illinois Sells Road Bonds
BY A. P. DAY WIRE.
SPRINGFIELD (Ill.), April 13.—Six million dollars' worth of Illinois highway bonds were sold to Hall Garton & Co. of New York, for \$5,332,500 today. The Hall Garton bid was at \$81 1/4, a decided advance over the sale of the first \$5,000,000, which went for \$74 1/4.

CALIFORNIA EDUCATOR IS DEAD IN SAN JOSE

BY A. P. DAY WIRE.
SAN FRANCISCO, April 13.—W. W. Anderson, a California educator, died at a hospital in San Jose last night from ailments inci-

dent to advancing age, according to word received by relatives here today. Mr. Anderson was 55 years old. He is survived by his widow and two children, Dr. L. S. Anderson and Miss Ethel Anderson of Irvington. Funeral services will be held Saturday at San Jose.

Mr. Anderson organized the first high school at Santa Cruz, and later was principal of the high schools at Berkeley and Sacramento. He also established an academy at Alameda which bore his name.

T.N.T. EXPLOSION DAMAGING TO TOWN

BY A. P. DAY WIRE.
SALT LAKE CITY, April 13.—Two men were seriously injured and many buildings were damaged today when one and one-half tons

of T.N.T. threw hundreds of tons of large rock fragments into the business section of the town of Helper. The explosion occurred in connection with blasting for State road construction on the east side of the Price River, opposite Helper.

DAILY TRADE TALK

All Set for Important Group Meeting; Security Buys New Banks; Clearings Jump

BY CHAPIN HALL

The meeting of Group No. 1 California Bankers' Association, which occurs tomorrow afternoon and evening at the Alexandria, has taken on an unusually wide interest by reason of the character of the program and the fact that George M. Reynolds, president of the Continental Commercial Bank of Chicago and John Moody, head of Moody's Investors Service, are to be the speakers at the evening session.

These widely-known men; one an economist whose analyses, reviews and forecasts command attention throughout the country; the other a financier of international reputation and the head of a great banking system, will describe the business situation as they see it. It is reasonable to anticipate that Mr. Moody's view-point may be based upon theory, trends, statistics, graphs and a summation of the technique of business not only in this country, but in European countries recently visited. Mr. Reynolds, on the other hand, gets a close-up of business as it actually passes in review. His outlook is highly practical and he usually has something constructive to say of present conditions and of immediate probabilities.

R. R. Hardaway, vice-president of the Security Trust and Savings Bank, who is chairman of the group which includes the banks of Los Angeles, Ventura and Inyo counties, said yesterday that preliminary indications are for a record-breaking attendance.

Attention is called to the change of meeting place from the Ambassador to the Alexandria.

At 2 o'clock in the afternoon there is to be a round-table discussion of matters of vital importance to banking interests. This meeting is for members only and the topics included embrace the so-called "lawyer's bill," which seeks to take away from the banks the right to legally advise their clients. Hiram J. Wambold, special representative of the California Bankers' Association, will present the matter.

George E. Farrand, attorney for the California Fruit Growers Exchange, will lead a discussion of co-operative marketing. A. E. Hodgson, County Farm Adviser, a consideration of the basis of individual business. Dr. J. H. P. Thayer is president; W. J. Stewart and A. P. Manning vice-presidents and R. T. Segner, cashier. H. H. Godber and Dr. A. J. Maronde are also on the directors.

BUSINESS NEWS

Good News From Riverside's Citrus District; Recent Market Developments

Harry C. Cree, writing the Title Insurance Bulletin, published in Riverside, makes the astonishing statement that Riverside county's citrus district will produce probably 75 per cent of Southern California's orange crop for the season of 1932-33.

"The fact is," says Mr. Cree, "few of us have stopped long enough to take stock of the commanding position which this territory occupies as the tree belt and blossom for next spring's crop."

"The fruits of January were of a character seriously inferior to the normal output of the district, but Riverside county is able to ship at the rate of 250 cars per week just now at prices that prove the fruit to be superior to any other that is going forward. The shipments of a single week will exceed the output of some of the important districts for the entire season."

"It will be several years before the district that was most injured will be able to get back into full production. The trees will have to come back before they are expected to function normally as to fruit yield."

"Shippers who have given the matter thought see in the present situation an opportunity for the citrus grower to reap a rich harvest during the next few years, when a uniformly good market should always be available. The grower is wise who sees to it that his grove is well fertilized and otherwise well cared for. From now on the return on such an investment will be particularly large."

Concerning the value of frost protection devices, of which there has been some discussion in this department, it is urged by Mr. Cree that the cost of such protection is a minor matter, as compared with the enormous saving effected. The smudge pot and orchard heater have proved their worth, and many experiments of a novel character for the purpose of counteracting cold are having the attention of investors made in various parts of Southern California. The growers will be far better prepared to fight frost in the future than was thought possible a few weeks ago.

So far as production and returns are concerned, the best result, it is pointed out, are obtained where properties are held in small holdings, with the owner living on the place. Individual attention, such as that given by the average business man to a business with money invested, will yield a far better return, in the opinion of fruit men who should know what they are talking about.

AN UNUSUAL MARKET

Financial writers are calling attention to the dispelling of the doubt of the most skeptical by the market developments of the past two weeks. Money continues to be what the technician calls "loose." Funds are said to be flowing from scattered sections of the country to financial centers. Unemployment continues to decline. The coal strike has had no effect on securities prices. Both bond and stock markets continue strong, with upward tendencies. Banks, other institutions and individuals are making additional investment opportunities.

NEWS CROWDS MARKETS

Country's Foreign Trade Returns for March Show an Increase of Exports

BY ALEXANDER DANA NOTES

(EXCLUSIVE DISPATCH.)

NEW YORK, April 12.—Today's financial markets were crowded with news of various sorts, which happened to be altogether of a favorable character. The country's foreign trade returns for March showed increase of exports to the largest total since October, excess of exports being the largest thus far in 1935.

The railway car loadings reported for the week ending April 1, although reduced from the week preceding because of smaller coal shipments, nevertheless showed a business exceeded only twice since last November and running 163,140 cars, 14 per cent above the corresponding week of last year. In spite of the textile strike, last month's takings of cotton by the American spinning industry were reported by the Census Bureau as the largest of any month but two since trade reaction began in 1930. Abroad, the Bank of England reduced its discount rate below any figure established since the war began, and the Bank of France reported 117,912,000 francs of its paper currency called in a cheerful mood. Prices for the war loans got no higher today, but a general advance occurred in foreign government securities, a number of which went into new high ground, and there was a series of rapid advances in railway bonds. The business done in that branch of the market was again unusually large. Transactions in stock also ran considerably above 1,000,000 shares, for the tenth consecutive occasion; gold and all prices being more consistently up than on Wednesday, notwithstanding the stock exchange holiday tomorrow and the impending week-end.

Reaction of the Bank of England's rate is not an event of such importance.

Several of these announcements were not made until after the close of the market, but they must indicate that London is regaining rather rapidly its facilities as a central money market.

From the Federal reserve system's weekly statement one would not get the impression of expanding trade, for redemptions are down \$80,000,000 further. Foreign exchange rates are not changing to any great extent, though the rate on Paris reached a new high level. Perhaps the most interesting part of the statement was its showing of gold imports. Although no receipt of gold in all last month from England (as against \$2,000,000 delivered for our account in February) our total gold imports during March were \$4,700,000 beyond those of February and \$1,000,000 beyond January.

Full footware have not come in in any volume and retailers are apparently holding off for price development. The woolen and silk mills of this district are still under restricted production. The jewelry trade is showing improvement in its activity. The electrical equipment business in radio equipment is a feature of the electrical industry.

Candy manufacturers have reduced prices and report satisfactory increases in demand. Business in general is improving.

PITTSBURGH, April 12.—A survey of department stores and retail shops today showed that Easter buying is progressing in large volume here.

The miners' strike has injected an element of uncertainty into the industrial situation. Some authorities assert the supply of coal in stock and in sight is sufficient to cover needs for ninety to 100 days. However, the end of the first week of the strike saw a curtailment of iron and steel production. Coal operators insist that the closing of plants represented isolated cases.

NEW YORK, April 12.—The high tide of Easter buying has reached its flood and the volume of business gives indication of being fully equal to that of other years. In men's wear, sports clothes are extremely active. Millinery is selling well and so are men's hats.

Shoe manufacturers are somewhat less busy as the orders for

The jewelry trade is showing improvement in its activity. The electrical equipment business in radio equipment is a feature of the electrical industry.

Candy manufacturers have reduced prices and report satisfactory increases in demand. Business in general is improving.

PITTSBURGH, April 12.—A survey of department stores and retail shops today showed that Easter buying is progressing in large volume here.

The miners' strike has injected an element of uncertainty into the industrial situation. Some authorities assert the supply of coal in stock and in sight is sufficient to cover needs for ninety to 100 days. However, the end of the first week of the strike saw a curtailment of iron and steel production. Coal operators insist that the closing of plants represented isolated cases.

NEW YORK, April 12.—The high tide of Easter buying has reached its flood and the volume of business gives indication of being fully equal to that of other years. In men's wear, sports clothes are extremely active. Millinery is selling well and so are men's hats.

Shoe manufacturers are somewhat less busy as the orders for

fall footware have not come in in any volume and retailers are apparently holding off for price development. The woolen and silk mills of this district are still under restricted production. The jewelry trade is showing improvement in its activity. The electrical equipment business in radio equipment is a feature of the electrical industry.

An Example of Diversified Earnings

FROM the streams of the High Sierra, the Nevada-California Electric Corporation derives 80% of its total generated capacity of 77,639 horsepower.

This power is transmitted to prosperous communities of solid growth and development in Inyo, Kern, San Bernardino, Riverside and Imperial Counties of California. In this territory it supplies energy for irrigation, mining, heating, lighting and driving the machinery of the chemical companies in the desert countries and the refrigerating companies of Imperial Valley.

From these widely diversified industries the Company derives

Southern California Telephone Co.

First and Refunding Mortgage 5%
Sinking Fund Thirty-Year
Gold BondsDue May 1, 1947.
Interest May and November.

The Southern California Telephone Co. organized in 1917, acquired and consolidated the telephone systems of The Pacific Telephone & Telegraph Company and the Home Telephone & Telegraph Company in the cities of Los Angeles, South Pasadena, Huntington Park, Watts, Vernon and Eagle Rock, and in portions of Los Angeles County, adjoining these cities, serving a population estimated in 1930 as more than 625,000. The area is served without competition.

The company is owned outright by the Pacific Telephone & Telegraph Company, which is in turn controlled by the American Telephone & Telegraph Company. The Bell System owns 76% of the \$60,000,000 outstanding capital of the Pacific Telephone & Telegraph Company. The latter operates over the entire Pacific Coast with competition from only two local independent companies in small towns.

Price \$1 and accrued interest to yield approximately 8.70%.

THE TIMES DEDICATES RADIO-TELEPHONE BROADCASTING STATION

Luminaries Who Thrilled Thousands by Impulse of Radio

THOUSANDS LISTEN TO WIRELESS PROGRAM

Dedicatory Concert from Great New Air Station is Heard Throughout Southland

"TIMES" RADIO PROGRAM TODAY

Forrest Lamont, tenor of the Chicago Grand Opera Company, will sing a number from "La Boheme" and also "A Kiss by Wireless."
Miss Irene Pavloska, soprano of the Chicago Grand Opera Company, will sing a number from "Carmen." Mr. Lamont and Miss Pavloska will be accompanied by Mr. Van Grove, also of the grand opera company. These artists will sing through the courtesy of the Philharmonic Orchestra.
News features of the day and instrumental music will follow the grand opera program.
Estelle Heston Dreyfus will sing the "Salutation of the Dawn." Frederick Stevenson's famous song, at the Times radio station, Sunday. She will be accompanied by Miss Grace Andrews. "The Salutation of the Dawn" was sung by Miss Dreyfus last Easter morning in the Hollywood bowl in one of the most impressive ceremonies ever held in the natural amphitheater.

The Times was host last night to the great Southland radio broadcast station. Its radio broadcasting station was the throbbing heart of an area bounded by hundreds of miles.
It is estimated that more than 250,000 Southland dwellers "listened in."

By the breezes, in mountain fastnesses, at public places the pealing notes of grand opera singers were heard and applauded by a history-making audience.

Dedicating its sending station to the welfare and for the entertainment of the people, The Times' pioneer effort was acclaimed triumphantly by experts on radio telephony and by the public at large.
The powerful baritone voice of Joseph Schwartz of the Chicago Grand Opera Company burst forth in a dramatic peal of bassion and fire in the prologue from "I Pagliacci." Gesturing to the bare wall of the radio room atop the Times Building, Schwartz tip-toed and threw his body as he sang the aria which carried his magnificent voice into the homes of thousands.

The golden tones of Edith Mason, also of the Chicago Grand Opera Company, were recreated with vivid imagery in the great Southland. The surrounding receiving sets throughout the Southland, she was in excellent voice. Her singing was declared by experts to be the equal of any soprano now before the public. Schwartz was in a very ecstasy of admiration for her splendid performance. Miss Mason sang the aria from "Madame Butterfly" and "Carmen" from "Rigoletto" with superb expression.

MAKES BRIEF ADDRESS
Tuning in with The Times sta- (Continued on Ninth Page.)

DELAY OUSTED OFFICERS' CASES

Police Commission's Action is Postponed

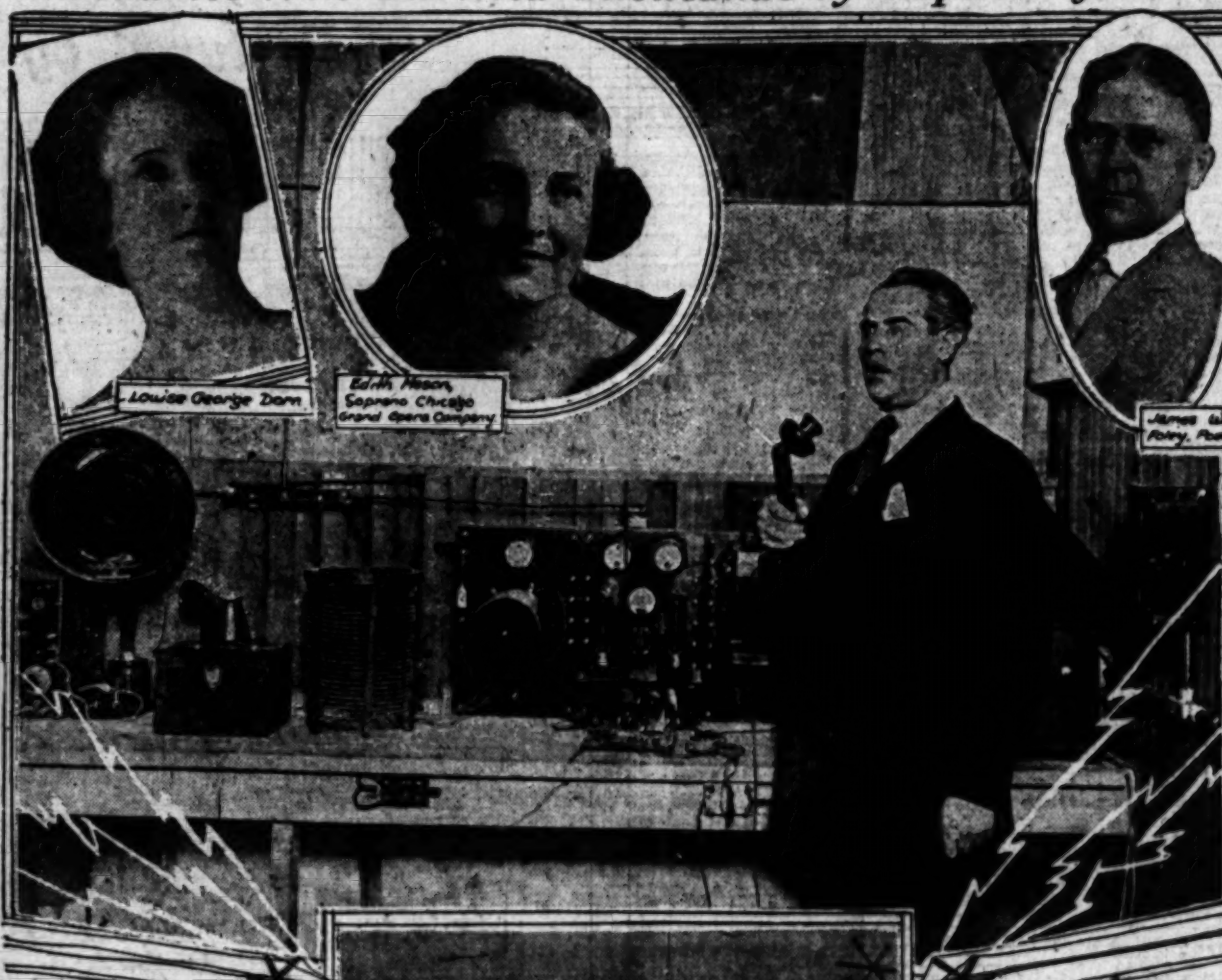

Lieut. Gifford is Praised by Many Witnesses

Reinstatement of Two Men is Believed Certain

Further indication that the Police Commission has practically decided to reinstate Lieut. W. A. Gifford and that only the method of procedure to be used remains undetermined was given yesterday when the commission suddenly announced that it would continue until Monday the hearings into the appeal of Lieut. Gifford and Capt. W. L. Spellman from the Chief's order.

The decision to postpone the hearings came after a long conference between Mayor Cress, Police Commissioners De Coo and De la Monte and Chief of Police Swerington, whose recent order was responsible for the dismissal of the two officers.

The decision to postpone the hearings came after a long conference between Mayor Cress, Police Commissioners De Coo and De la Monte and Chief of Police Swerington, whose recent order was responsible for the dismissal of the two officers.

TWO ROBBED BY BANDITS NEAR HOME

Wilshire Residents Lose Valuable Jewels to Trio Who Then Flee in Auto

Three bandits, operating from an automobile, robbed Mr. and Mrs. J. H. Miles, 41 Westwoodland Place, of diamonds they valued at \$4000, and \$500 in currency late last night and escaped.

The robbery took place in the shadow of the Miles home in the heart of the fashionable Wilshire district. The couple had just been driven home from a dinner party and were alighting from their car on the driveway near their garage when three men, each holding a pistol, leaped from an automobile parked near by and commanded them to hold up their hands and remain silent, threatening death otherwise.

MAY NOT BE NUT BUT HE MUST SHAVE

"John the Baptist" Who Planned High Building, Put on Probation

He may not be a "nut." But H. W. Haynes, who travels also under the name of J. John, "John the Baptist" and H. W. Haynes, must shave off his red beard. Throw away his red necktie. Buy a new black one. Give an accounting of his conduct to H. J. Brown, assistant police chief, once a week.

Haynes appeared before the County Jail yesterday to show cause why he should not be confined in an asylum.

First Pick Your Store

You would buy a good suit—first pick a good store
You would have quality, distinction and style—select a store where these things are paramount
You would take pride in your clothes—see that they bear a name which needs no apology
You would pay a proper price—choose a store where values are stable

SONG STAR'S SISTER NOT BRIDE-TO-BE

"Piffle" is Reply of Mrs. Walsh When Asked About New York Wedding Story

Mary Garden's sister may again become a bride, according to reports reaching here from the East, but if she is to wed, she displayed no effervescent joyousness last night when questioned about it. A European artist is the prospective groom.

IN THE "TIMES" NEXT SUNDAY

"Times" Radio Easter Service!

A complete Easter service will be broadcast from the Times Radio Station for the first time in the history of wireless operation. In addition, the Radio Section of the Sunday Times will be full of valuable news and suggestions for radio fans.

World-Famous Beauty Confesses Life Secrets!

An amazing autobiography, starting in its frankness, has been written by Mrs. Pat Campbell, and will start in The Times Sunday. The part she played behind the scenes in Europe's diplomatic arena; her love affairs with famous men, including the Prince of Wales; comment on famous Americans and on American society—are a few of the outstanding features of what promises to be the literary sensation of the year on two continents.

pective bridegroom, the reports say for Mrs. DeWitt Walsh, sister of Mary Garden, general director of the Chicago Grand Opera Association.

Mary Garden's personal representative shook his head deprecatingly when asked about it. He referred the reporter to Mrs. Walsh, who occupied a box just off the stage where her sister was playing the title role in the opera "Louise."

The nature of the reports was told Mrs. Walsh without delay, and she demonstrated without delay that Mary has no family corner of temperance.

Twelve Pages of Rotogravure Photographs

Big Easter picture number, including a page telling at last the real truth about Hollywood.

New Era of Home Building

Secretary of the Interior Fall tells of Uncle Sam's plans to strike out for the goal of a "nation of home-owners." An article of deep interest for every man who pays rent.

Landlord Wants More Children!

Not only welcomes little folk, but offers prizes for babies born in his house. Where is he? Read the Sunday Times!

SEEN! THINGS

[Why not share your chuckles with others? When you see something unusual, drop a note about it to the City Editor of The Times. Then we all can smile.]

The C. F. vices in protest. He agrees with numerous contributors who address their chuckles thusly: "City Editor Seen! Things," for he does, frequently. But today she stares up from a blue envelope: "Joke City Editor." Ouch!

E. A. B. casually turning the pages of an auto supply house catalog lapped this "Specially made for autoists of high-grade steel." Knew they'd do something to cut down the accidents.

G. C. Jr. saw this alluring sign in Long Beach: "Rabbits for sale: Doughs with Young." Well said, you ask? You betcha.

D. S. W. wonders if the "stylishly dressed lady" who left Immanuel Church last Sunday with the sleeveless coat to her three-piece suit inside out "knew it." Certainly D. S. W. They're not really superstitious, but then, my dear, it's bad luck to change em—costs or anything.

C. E. D. saw a lot occupied by two houses on the east side. Near the sidewalk was this sign: "Cane bottom chairs reeased in the rear." Nothing there to smile about. Perfectly proper.

K.H.N. bound for Ocean Park, saw a sign on building which read: "Dr. Gum, Dentist." But then, that's no laughing matter even if he does use gum.

WHAT DID YOU SEE?

Its Decorative Features Are Constantly Appealing

One of the Many Reasons Why This Instrument Holds its Important Position

The Premier Baby Grand

is the most attractively priced small grand piano made. It represents the supreme efforts of grand piano specialists who make this one type of instrument only, and on the largest scale in the world.

These are the fundamental reasons why you cannot improve upon your selection of the Premier Baby Grand.

—New arrivals in 5 and 6-button length in the Natural Chamois and White Lambskin

—Some with strap around wrist and with pearl buckle on back of strap. Others feature fancy embroidered backs and fancy insets of contrasting colors at cuff. All sizes included, but not all sizes in each style.

—Chamois Gloves—Splendid with Sportswear Sweaters

—A very special purchase enables Bullock's to feature these Easter Gloves at the exceptionally low price of \$2.25 pair—Friday—First Floor.

Art Needlework and Gift Store

Features the following Gift items, all of which make splendid Easter Gifts—

—Polychrome Book Ends, \$3.50

—Large and discriminating selection from which to choose, specially decorated for Bullock's and featuring many unusual designs that make distinctly individual gifts.

—Serving Trays, \$1.35

—Mahogany finished and featuring removable back. Size 10x16 inches, \$1.35. The 12x18 inch size is priced \$1.45.

Swing Photo Frames

—Special at \$1.45—in sizes 5x7, 6x8, 7x9, 8x9 1/2 inches—finished in gold or silver.

—Bullock's Art Needlework and Gift Store is prepared to give you prompt and skilled service in picture framing in addition to a very large selection of picture mouldings in standard design and hand carved creations.

—Oriental Incense Burners

—Hand made and hand colored. Of various metals in Chinese and Japanese weird designs. Interesting bric-a-brac for gifts of a different sort—\$1.00 to \$7.50.

Polychrome Candle Sticks, \$1.75

—Well balanced, graceful—tinted in rich gold of the wanted sun-gilding character. Many styles to choose from.

California Poppies, \$1.00 Dozen

—So realistic they will amaze you! And they make splendid souvenirs to send East. Light and easy to mail.

Special Values on the Gift Balcony

—Bullock's Hill Street Building co-operates with the Art Needlework and Gift Store in featuring the following Gift Items at special prices which no one should ignore—

Hager Pottery Bowls, \$4.75

—Set in wrought iron stand, something very new and different—Bowls finished in deep tones of Blue and Green and Lavender and Green, and the wrought iron stands are dark with an artistic leaf decoration. Two pieces, Friday, \$4.75.

Pyrex Pie Servers, \$3.00

—Another specially priced item for Friday, featuring a pierced nickel plated handle, Friday, \$3.00 for the two pieces.

Cups and Saucers, 25c

—And this means 25c for both cup and saucer—Friday! Several different patterns in Floral and Conventional designs. Certainly very dainty and a splendid value at 25c.

Jap Tea Sets, \$10.00

—Lustrous Tea Sets—consisting of six cups and saucers, sugar and creamer. Decorated in exquisite blue and brilliant colored butterflies that have the appearance of being cut into the China. For Friday at \$10.00 a set.

Pyrex Casseroles, \$3.75

—Pyrex Baking Dish with a dainty cut cover and nickel plated pierced footed frame and black handles. Every home should have at least one of these.

Cut Glass Candle Sticks, \$3.75

—Offering choice of two styles — attractive ornaments for table or mantel or dressing table. Feature Floral design cuttings. — Hill Street Balcony—Hill Street Building.

—A Fine Trunk Value!

Extra Capacity Wardrobe at \$47.50

—Black Fibre covered, heavy fibre bound, specially designed hardware, snap lock and double draw bolts.

—Blue Velour cushion top, laundry bag, shoe container at bottom of garment section.

—New style of short locking bar protects contents at drawer section. Deep bottom drawer for women's hats. Blue figured cloth lining.

—Features steel runners on front and back panels of trunk which adds strength to the body and prevents damage to trunk in handling.

—Gibraltarized Wardrobe Trunks—Special \$47.50.

—The extra capacity wardrobe and built to Bullock's specifications calling for Gibraltarized construction, backed up by a solid inter-locking reinforcement along edges and corners.

—Many trunks have the same outside appearance—but seldom the built-in-strength and interior reinforcement of these Bullock Wardrobes duplicated in any trunk.

—Bullock's Trunk Store—Bullock's Hill Street Building South—Entrance on Hill Street.

I'M .. AFTER .. EASTER .. EGGS

Hunt Will Be Staged Tomorrow in Lafayette Park

Bring the Children
To the
Annual Easter Egg Hunt.
Lafayette Park West 6th St.
Saturday—April 15, 2 P.M.

Providing Happy Day for Children
Little Walker, 6 years old, of 2143 West Boulevard, who is stationed
at Pershing Square with a big nest in which she is collecting eggs
for tomorrow's fest.

BRING on your rabbit's egg!
This appeal in behalf of
the second annual Easter egg
hunt for Los Angeles children is
made by the Juvenile Pro-
tecting Association at its egg-col-
lecting headquarters in Pershing
square, Sixth and Hill-street an-
te.

The egg hunt for the children
will be tomorrow at 2 p.m. in
Lafayette Park. Colored eggs are
collected by the association and if
you have no eggs, money is ac-
ceptable.

Various events for the entertain-
ment of the children were outlined
at a meeting of the com-
mittee chairman, including Mrs.
Charles L. Walker, location com-
mittee; Mrs. Frank Brooks, presen-
ter; Mrs. E. K. Foster, president;
Mrs. James W. Montgomery, ag-
ent; and Mrs. William T. T.

At Hotel Angeles Cafe
Fourth and Main streets, her address, Mrs.
Walker said that the hunt, which
will begin at 2 p.m. on Saturday, is
the main day of the hunt.

NICK HARRIS DETECTIVES
Will make arrests in and out of court.
See 2121, 2123, 2125, 2127, 2129, 2131, 2133, 2135, 2137, 2139, 2141, 2143, 2145, 2147, 2149, 2151, 2153, 2155, 2157, 2159, 2161, 2163, 2165, 2167, 2169, 2171, 2173, 2175, 2177, 2179, 2181, 2183, 2185, 2187, 2189, 2191, 2193, 2195, 2197, 2199, 2201, 2203, 2205, 2207, 2209, 2211, 2213, 2215, 2217, 2219, 2221, 2223, 2225, 2227, 2229, 2231, 2233, 2235, 2237, 2239, 2241, 2243, 2245, 2247, 2249, 2251, 2253, 2255, 2257, 2259, 2261, 2263, 2265, 2267, 2269, 2271, 2273, 2275, 2277, 2279, 2281, 2283, 2285, 2287, 2289, 2291, 2293, 2295, 2297, 2299, 2301, 2303, 2305, 2307, 2309, 2311, 2313, 2315, 2317, 2319, 2321, 2323, 2325, 2327, 2329, 2331, 2333, 2335, 2337, 2339, 2341, 2343, 2345, 2347, 2349, 2351, 2353, 2355, 2357, 2359, 2361, 2363, 2365, 2367, 2369, 2371, 2373, 2375, 2377, 2379, 2381, 2383, 2385, 2387, 2389, 2391, 2393, 2395, 2397, 2399, 2401, 2403, 2405, 2407, 2409, 2411, 2413, 2415, 2417, 2419, 2421, 2423, 2425, 2427, 2429, 2431, 2433, 2435, 2437, 2439, 2441, 2443, 2445, 2447, 2449, 2451, 2453, 2455, 2457, 2459, 2461, 2463, 2465, 2467, 2469, 2471, 2473, 2475, 2477, 2479, 2481, 2483, 2485, 2487, 2489, 2491, 2493, 2495, 2497, 2499, 2501, 2503, 2505, 2507, 2509, 2511, 2513, 2515, 2517, 2519, 2521, 2523, 2525, 2527, 2529, 2531, 2533, 2535, 2537, 2539, 2541, 2543, 2545, 2547, 2549, 2551, 2553, 2555, 2557, 2559, 2561, 2563, 2565, 2567, 2569, 2571, 2573, 2575, 2577, 2579, 2581, 2583, 2585, 2587, 2589, 2591, 2593, 2595, 2597, 2599, 2601, 2603, 2605, 2607, 2609, 2611, 2613, 2615, 2617, 2619, 2621, 2623, 2625, 2627, 2629, 2631, 2633, 2635, 2637, 2639, 2641, 2643

OUT OF "GAS,"
OUT OF LUCK

Officer's Automobile Lead
Officers to Evidence of
Law Violation

(SPECIAL REPORTER.)
POMONA, April 13.—Roy
and C. A. Edin, brothers,
and out of "gas" on the
main thoroughfare of this
city last night and while
something for gasoline, met
two local policemen, whom
they asked for assistance.
The policemen were given
but while the machine was
being filled, Officer Green
became inquisitive when he
saw two suspicious-looking
men sitting in the car and
in the west of the car and
openly opening them. Found
five trout, weighing in all,
thirty pounds.

As a result the two men
were taken to Judge
White's court today and the
case continued. It is a vi-
olation of the game laws to
have trout in one's posses-
sion at this season of the
year.

THEIR COURT TODAY AND THE
CASE CONTINUED. IT IS A VI-
OLATION OF THE GAME LAWS TO
HAVE TROUT IN ONE'S POSSES-
SION AT THIS SEASON OF THE
YEAR.

WOULD INSURE
SCHOOL PUPILS

Teachers Make Suggestion in
Set of Resolutions

Pasadena Masons in Annual
Ceremony

Traffic Accidents Increase in
Crown City

(LOCAL CORRESPONDENT.)
PASADENA, April 13.—Adopt-
ing resolutions endorsing the ju-
nior high school plan in educa-
tion, favoring insurance for pu-
blic school children, and further
steps to insure "trust" in high
schools, the Pasadena Masons
convention met at the State High
School Principals at the closing
session of their state convention
here today also elected officers
and arranged for next year's meet-
ing.

The next annual meeting will be
held in Yosemite National Park
during the pre-Easter vacation of
the school in 1923.

Principal Bruce H. Palmer of
the Pasadena High School was
elected president of the State as-
sociation. He and other direc-
tors were re-elected for the year.
Other directors are Noel E. Har-
rison, Stockton, who has been
president the last year; Delbert
Brantley, Fresno; E. E. Wilson,
Los Angeles; L. P. Paria, Mary-
ville. Mr. Paria was named sec-
retary-treasurer of the association
for the year.

Glen H. Woods, supervisor of
music in the Oakland schools, ad-
dressed the convention today de-
ploring the lack of musical train-
ing and interest among American
youth. He said that musical ac-
complishments in the United
States were chiefly by foreigners,
who have come to this country
rather than by native-born musi-
cians. He urged more attention
to music in education.

Dr. E. C. Moore, director of the
Southern Branch of the University

RADIO APPLIANCE

having holes in which the wire is inserted.

Any standard make antenna receptacle or socket may be used, however, the panels mounted are slightly more convenient.

About six feet of No. 14 or No. 16 bare copper wire will be needed for making connections.

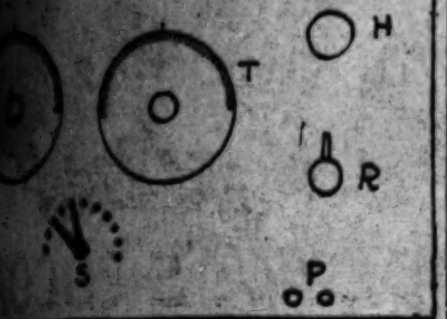

A cabinet made of 3/4 or 1-1/2 inch wood is usually included in a receiving set although of course it is not essential.

ASSEMBLING

The holes for the panel are first carefully marked out and then drilled to the general arrangement of the apparatus is shown in Figure 16.

A set of 6 are binding posts for the antenna and ground connections respectively.

P are the binding posts to

which are connected to the telephone receiver.

C is the condenser dial in the front view and the condenser in the rear view.

T is the tickler dial in the front view and the tickler in the rear view.

U represents the antenna induction coil and switch-points. It is a hole through which the antenna may be seen, thus allowing the filament to be maintained at the proper temperature. Instead of making a single large hole as is shown, one may substitute a number of smaller ones arranged for making the large hole.

R is the filament rheostat. All connections should be made with the large wire indicated and should be as short as possible. Of course, care must be exercised to prevent wires from touching each other and causing shorts. It is advisable, though not absolutely necessary, to solder all connections. After soldering the wire to the top of the coil with a clean piece of cloth in order to prevent electrical leaks.

The mounting of the panel is usually done by screwing to a base board of pine about three-quarters of an inch thick. The four binding posts for the A and B battery connections are best mounted in the rear of this base board. If a cabinet is used the panel may be screwed directly to it. The battery binding posts are then put on the back of the cabinet.

QUESTIONS ANSWERED

Question: J. D. Los Angeles: Is there any advantage in using spiral-shaped plates in variable condensers?

Answer: Yes, there is an advantage in using this form of condenser. In the first place it gives a better life relation between condenser setting and wave length. Secondly, the logarithmic spiral plate allows for adjustment at the low end of the scale.

Q: G. L. Los Angeles: On what basis are the San Diego and San Francisco time signals given out?

A: The San Francisco wave is 1450 meters (undamped) and the San Diego wave is 1800 meters (undamped).

Q: B. Long Beach: Can A.C. be used on the plates for a telephone transmitter?

A: A.C. cannot be used directly on the plates of the condenser and inductor tubes. It is rectified by means of a rectifier and then it may be used to good advantage, however.

Q: G. G. Los Angeles: A variable is a continuously variable inductance usually constructed of two coils connected in series and arranged so that the coupling between them may be varied by rotating a dial or knob.

Q: H. C. Los Angeles: Does a variable receiver distort telephone signals if properly adjusted?

A: Yes, distortion always distorts signals to a more or less degree, depending upon the wave length used. If the wave length is short, such as is now used by

Movie Star Hears "Times" Program

Miss Helen Lynch of the Marshall Nollan studios in Hollywood "Listens in" on the Times Radio Station dedicatory program.

most broadcasting stations, the distortion due to regeneration is practically negligible. For longer waves this form of distortion becomes very noticeable, increasing with wave length.

Q: A. A. N. Hollywood: What is static?

A: Static is the name given to electrical disturbances affecting wireless receivers. It is usually generated in the atmosphere, although the exact origin of all this different forms is at present unknown. Static usually becomes very severe during the summer months and consequently the effective range of a radio station is reduced greatly during this season.

Q: M. V. Los Angeles: How may I eliminate the hum of the power line heard in my receiving set? At times it is louder than the signals.

A: Place your antenna at right angles and as far away as possible from the power line. If this does not eliminate the hum, it will be necessary for you to use an inductive coupled receiving set.

LOVE EPISODE DETAILS TOLD

(Continued from First Page.)

said that Mr. Bradley declared he wanted to make amends. He told Mr. Pickard, he said, that he would give him all the money he had and all he could raise. "I did not threaten him," said Bradley, "you separated me and my wife; you have ruined my home. I have the evidence, including a confession of what was once a good woman. You have underestimated the type of man you have ruined; you took advantage of circumstances," Mr. Pickard testified.

HUSBAND TESTIFIES

He said that when Mr. Bradley first saw him he appeared stricken, but later his composure seemed relaxed as he offered to make amends. Pickard declared he accepted Mr. Bradley's offer of money for the baby's sale.

A Long Beach bank turned over to him \$35,000 in cash. Mr. Pickard refused to sign a receipt for \$40,000 shares of Bradley's stock to secure the \$35,000 note. The arrest was made after he left the bank, with the cash in his pocket. Following his arrest, he brought \$500 for Mr. Bradley for \$150,000 for alienating the affections of Mrs. Pickard. This suit is pending.

TO VOTE BONDS

Alhambra to Consider Questions of Municipal Improvement

(LOCAL CORRESPONDENCE.)

ALHAMBRA, April 13.—The Alhambra City Commission is considering two important bond propositions, which it is indicated will be acted upon at an early date. They will be presented to the voters at the June election, it is announced.

One of the proposed issues is for bonds in the sum of \$10,000 for the erection of a memorial hall in honor of Alhambra, who served in the World War and for the use of the American Legion. This hall will be a municipal auditorium, according to plans that have been worked out. It was voted to introduce an ordinance at the next meeting calling for a vote on the proposition.

The other proposition is that of sewerage, and there will be submitted to the voters the question of issuing bonds for the purpose of constructing a comprehensive sewer system and disposal or reduction plant.

SCHWARZ SYMPHONY SOLOIST FOR TODAY

The fact that Joseph Schwarz, leading baritone of the Chicago Opera Association, will be soloist at the Philharmonic Orchestra's concert tomorrow evening would alone make this occasion one of unusual interest.

Mr. Schwarz will sing "Eri tu" from "The Masked Ball," and "To the East" from "The Tannhauser." Conductor Rothwell has selected a program most fitting for the great work of music that Los Angeles is so fortunate to get with the Chicago Opera Company's visit. The program includes the Baroque overture "Beethoven Cellini," Bloch's two poems, "Winter" and "Spring," Jacob's California "Bum," "Carmela," "Fiesta in Monterey," and "Easter Sunday at Santa Barbara," concluding with the Last symphonic poem "Les Preludes."

This will be the first performance of Frederick Jacob's composition in Los Angeles.

"Times" Bulletins Each Day Will Tell Latest Events Happening in All Parts of World

(Continued from First Page.)

let with the Philharmonic Orchestra today at 2:15 and tomorrow at 2:15 p.m. His offerings in the thirteenth symphony orchestra concert will include Verdi's "Eri tu" from "La Balla in Maschera," and Wagner's "To the Evening Star" from "Tannhauser."

FLASH NEWS BULLETINS

Serving a great clientele, the latest news of the world was sent in bulletin form. Co-ordinating the service of the radiotelephone with cable and telegraph news service, the sending operators placed the concise report "on the air" establishing a remarkable record for news transmission.

Concluding the program, James W. Pollock, executive secretary of the Times radio station, read four of his favorite compositions from "Bedtime Stories" and "The Times" radio station announced future service.

The broadcasting was conducted by Francis Parsons, who, as the Kierulff Company of this city, who installed the apparatus and will supervise its operation.

REPORTS REQUESTED

Radio enthusiasts of the Southwest who "listened in" on last night's dedicatory program are asked to make a detailed written report to The Times radio manager on the results of the concert.

By learning the total effect the station program will be guided in the adjustment of the sending apparatus. The character of the acoustic properties utilized will be of great value in future entertainment and service.

Holms of the First Methodist Church of Los Angeles will preach the special sermon with Easter carols and music to be broadcast beginning at 2:15.

THE RADIO OPERATOR

The radio operator aboard the steamer Yale, en route from San Francisco to Los Angeles Harbor, will receive the sermon and appropriate music for the passengers.

TIMES SENDING HOURS SET

Until further notice, The Times radio station will broadcast news hours will be in the afternoon and evening at these hours: 12:30 to 1:30, 2:30 to 4 and 4:45 to 7:30.

Johnson Was Parsifal for the Italians

When the Bayreuth rights to Wagner's operas expired in 1914, most of the operahouses in Europe hastened to stage productions of them. Prominent among these was, of course, La Scala in Milan, Italy, and there in January, 1914, "Parsifal" was given its first performance in Italy, with Edward Johnson, tenor of the Chicago Opera Association, in the title role.

Beside having "created" the role of Parsifal, as far as Italy was concerned, Mr. Johnson made his Wagnerian debut on this occasion, and a successful one it was. As may be deduced from the fact that while La Scala had planned to produce an entire performance of the opera, the engagement lasted for twenty-seven.

Johnson, who sings Tannhauser tonight at the auditorium, has appeared in all the principal tenor roles of the German master's operas, and he had some interesting things to say about Wagner's music from the standpoint of the singer, when interviewed yesterday.

"I remember once, after singing this role in the East, a friend of mine came on stage and told me that he liked it very much, but wished that I had had more to do," Johnson smiled. "I had been yelling my head off for nearly the whole evening," he went on, "but the audience received me with a shout of absolute thanks."

There are some good things about Wagner, though. One of them is, that the music is so vital that, if you have a good orchestra, no amount of mediocre singing or bad staging can kill it. It is always tremendous stuff. To me there is a three intense satisfaction in singing such music that it makes up for all the difficulties.

Mr. Johnson spoke in the highest terms of the Chicago Opera Company's conductor, saying that if it were not for the ability of such men it would be quite impossible for a company to go out on the road with a repertoire of twenty-five operas, which is the number the Chicago carries at present.

RECOVER PROPERTY

Police Find Big Cache of Goods Said to Have Been Stolen

(LOCAL CORRESPONDENCE.)

SANTA MONICA, April 13.—A hidden cache of stolen goods worth more than \$1000 was located early today by the police, who say the articles were stolen from local dry goods, sporting goods and other stores by Al Spry and Paul Wilder. The men were arrested on information furnished by Detective Sandlin and Officer George Webb, last Friday, when they were bound over to Superior Court in default of \$5000 bond.

The recovered articles were found at 125 Pico Boulevard, Ocean Park, where the men had a hiding. Early today K. C. Thompson and Walter Smith were arrested when they attempted to remove part of the loot. Among the articles found by the police was an application written by Al Spry for a position as police officer in Kansas City. C. Yarnor, Anaheim officer, identified some of the property today and local merchants identified most of the remainder.

BALM SUIT IS HALTED BY MYSTERY

Dramatic Pause Follows Appearance of Letter in Miss Engelke's Case
There was a dramatic pause yesterday in the \$100,000 breach of promise action of Miss Emma E. Engelke, hotel stenographer, against Luther S. Foss, prominent Angeleno on trial in Judge McCormick's court. It came when Miss Engelke read for some five minutes a letter of mysterious contents brought to court by Joseph L. Lewinson, attorney for the defendant.
Miss Engelke while on the stand read the letter and admitted she had written it to Mr. Foss in October of 1915, since which time she was engaged to him although he had been married twice in that period. She said in 1918 he told her he would get a divorce and marry her, again in 1920 the engagement was renewed, but Mr. Foss married again in 1921.
The stenographer occupied the witness chair all day. She said she had met Mr. Foss in October of 1915, since which time she was engaged to him although he had been married twice in that period. She said in 1918 he told her he would get a divorce and marry her, again in 1920 the engagement was renewed, but Mr. Foss married again in 1921.

She said in 1918 he told her he would get a divorce and marry her, again in 1920 the engagement was renewed, but Mr. Foss married again in 1921.

WIDENING OF STREET RATIFIED

Council Denies Protests of Slauson-Avenue Citizens Against Plan
After a spirited hearing which lasted far into the afternoon, the City Council yesterday, by a vote of six to two, denied the protests of property owners against the proceedings for the widening of Slauson avenue for a distance of five miles from Figueroa street to the western city limits.
This action cleared the way for condemnation proceedings in the courts to secure property which will be taken in the widening. The court action is expected to take two years. After the condemnation proceedings are out of the way, contracts for the widening can be let, and with these estimates in hand, the City Council would then, three years hence, spread the assessment against the property owners of the district to defray the widening cost.
Speaking on behalf of the protesting property owners yesterday were L. H. Preston, Edward H. Jensen, president of the Slauson Avenue Protective Association, Iva J. Angier, attorney for the association and Attorney Thomas Dockweiler. Ole Hanson and others spoke in favor of the improvement, which Mr. Hanson said would greatly increase property values in that district.
The protesters said that they believed Slauson avenue should be widened, but as the improvement would be of general benefit to the city in creating a new, good through traffic highway, the entire burden of expense should not fall alone upon the property owners. Many of them owners of modest homes, but that the city should bear a part of the cost. Councilman Mosher intimated this view and voted against denying the protests, as did Councilmen Sparks, while those voting in favor of denying the protests were President Griswell and Councilmen Allan, Conaway, Langdon, Sanborn and Wheeler. Councilman Mallard was absent.

MAN LURED TO DOOR AND MURDERED

San Bernardino Trapper Slain by Member of Pioneer Family
Richard White, trapper, aged about 50, was shot and killed yesterday by Albert Clyde, member of one of the pioneer families of the San Bernardino district, according to a dispatch received last night. The tragedy occurred in Lone Pine Canyon about twenty-five miles northwest of San Bernardino, in the mountains at the Shapen ranch where White had lived for some time. Clyde, aged 38, and a bachelor, lived alone about two miles distant. About noon he took his rifle, walked to the Shapen ranch, and as White answered the summons at the door shot him, killing him instantly.
No reason was given for the act but it is believed that Clyde has become demented from a severe attack of influenza recently and had some fancied grievance against White. So far as is known the two men had been good friends.
Clyde was taken to the San Bernardino County Jail last night by Sheriff Rhay.
There were no witnesses to the tragedy. After shooting to the home of a brother and told him what he had done but offered no explanation.
White is said to have two sisters living in San Pedro and Oakland but their names and addresses were unavailable tonight.
Coroner J. B. Hanna will hold an inquest today.

SHAKE-UP IN DRY FORCES FORECAST

NEW PROHIBITION DIRECTOR EXPECTED TO REORGANIZE HIS DEPARTMENT
It is understood that when State Prohibition Director Rutter arrives here today, there will be a complete reorganization of the local prohibition enforcement force.
Since the retirement of Frederick A. Hanchette, as chief here, to accept the post of divisional manager for the territory embracing the States of Oregon, Washington and Idaho, D. J. O'Leary has been in charge, but that of the advanced post, has been unable to collect the salary at the rate of \$1740 a year that belongs to the job. It was understood at the time that his appointment would be but temporary, and he may retire as the head of the local force.
Another result of Mr. Rutter's visit, it is stated, will be to increase the Los Angeles force of agents, which now consists of but four men, including Mr. O'Leary. At least a half dozen men will be added to the list of agents and the positions already have been made, but the names of the lucky men are not known.
Since the retirement of Mr. Hanchette, the Los Angeles force has been making time, cleaning up the accumulated cases, and preparing for a more vigorous campaign than has been in evidence for some time.

PEDDLER HELD ON SERIOUS CHARGES

Complainant Against Man Expected to Die
After a hearing of several days, Felix Hashan, a peddler, was held to answer yesterday by Justice Hinchaw on a charge of robbery of Mrs. Bolinda Meyers, 675 Coulter street, and of assault upon her with intent to commit murder. It was reported in the courtroom by Dep. Dist. Atty. Pitt that since Mrs. Meyers testified on Tuesday she had a relapse and is not expected to live.
According to testimony adduced, Mrs. Meyers took out \$500 to get change for a customer in her grocery and that she was struck twice on the head with a hammer. It is charged the defendant struck her and took the money. He asserts his innocence.
The injury was so serious that a portion of the woman's skull had to be removed by surgeons. After she testified she collapsed in court and since has been weak. It was reported.

Salvation Army Enlists Women for Fund Drive

Volunteer women workers for the annual Spring drive for funds for the Salvation Army, from May 7 to 15, are being enlisted by Mrs. E. B. Jones at the organization's local headquarters in the Chamber of Commerce Building. Information may be obtained by telephoning Mrs. Jones at 15270.
Many women prominent in club and social life in Los Angeles already have offered their services this year to make the campaign for funds the most successful in the history of the organization in Southern California.
Emphasizing the importance of the work accomplished by one of the Salvation Army's welfare departments in this city, Brig. C. R. Boyd, divisional commander for this district, gave out yesterday report that shows tickets were distributed free last month in this area for 10,593 quarts of milk to 452 tubercular children.
It is expected that more than 140,000 quarts of milk will be distributed this year under the direction of Brig. Boyd and his assistants.

EXAMINER NEWS DECLARED FALSE

Calisco Residents Start Campaign to Show Indignation
RECEIVED DISPATCH: CALIFORNIA, April 13.—Resolutions framed and signed by scores of indignant citizens condemning the Los Angeles Examiner for publishing a false and sensational news item purporting to describe "night riders" or "Ku Klux Klan" activities in El Centro, may be the result of a campaign of indignation under way here today.
Individual letters of protest have already been dispatched to the Examiner by prominent citizens and a contradiction of the "facts" in the article is demanded. An investigation is being conducted to learn the identity of the person who dispatched the story.

APPROVE SCHOOL BOND

Torrance Chamber Favors \$17,400,000 Issue
The \$17,400,000 school bond issue to be voted upon June 8, has in unanimous approval of the board of Directors of the Torrance Chamber of Commerce, according to a communication read at the meeting of the Board of Education yesterday. The resolution approving the bonds was passed on the recommendation of the Torrance chamber following an inspection by school board members on March 31 of a site for a proposed new Torrance high school.

BEN IN VARIETY

Alexander Panama is springing another surprise on the vaudeville community by the announcement yesterday that he has arranged with Ben Turpin, the famous screen comedian, to appear in a vaudeville tour of the most successful in the history of the organization in Southern California.
A poll of the movie world would easily disclose Turpin to be among the first five favorites, and among comedians, probably one of the big three, so his vaudeville appearance is an event of momentous interest. He will be supported by a bevy of dancing beauties, and it is expected that Kathryn McGuire and Phyllis Haver will be among them.

Hale's
Special Purchase of
Lovely Silk Dresses
For Easter
Krepe Knit Dresses
Canton Crepe Dresses
Crepe de Chine Dresses
Taffeta Dresses
In a Sale at.....
\$19.50

Never before have we seen dresses like these sell for \$19.50. The styles are irresistible, the materials and workmanship are high class. They were made to sell at a much higher price. An assortment of about 300 dresses goes on sale Friday. There are only a few dresses of each style, so the variety is great.

Women's Suits at \$25

House or City Council to Face Action
City Attorney Refuses to Uphold Lawmakers

Declares Aldermen Must Change Their Minds
Proposed Plant Regarded as Emergency Measure

Reel No. 2 in the "Councilmanic" film, "Set Back Your House or Stop Work at Once" is scheduled to be shown at this morning's meeting of the City Council when Councilman Mallard and Sparks will have the principal roles and denounce the City Attorney's office for backing up the Council in its fight against James W. Weisman, who persists in building a three-story apartment-house at 1730 South Harvard Boulevard after the Council had told him to blow the whistle and stop work.

City Attorney Stephens reported to the City Council yesterday afternoon that while he was in full sympathy with the Council's "set back" legislation, designed to force builders to hew to the line of other buildings in the neighborhood, the City Attorney said that the Weisman case was a poor one on which to start a red-hot offensive to show whether or not the Council was to be obeyed when it told builders where to locate their buildings.

Under the plan proposed by Maj. Griffin, the excess flow of sewage from the outfall would pass through the treatment or filtration plant, and then after purification be turned into Ballona Creek, through the new pipe line being constructed by the city between Arlington Avenue and Mesa Drive. The additional time was recommended by Maj. Griffin in order to construct the plant, including storage tanks, pumps, settling tanks and filters.

The additional time was recommended by Maj. Griffin in order to construct the plant, including storage tanks, pumps, settling tanks and filters.

Under the plan proposed by Maj. Griffin, the excess flow of sewage from the outfall would pass through the treatment or filtration plant, and then after purification be turned into Ballona Creek, through the new pipe line being constructed by the city between Arlington Avenue and Mesa Drive. The additional time was recommended by Maj. Griffin in order to construct the plant, including storage tanks, pumps, settling tanks and filters.

Easter--The "Dress-Up" Occasion

For All Men

—need not be one of extravagant expenditure to entire satisfaction.

—for Hamburger's has prepared groups of all-anted suits at 25.00 and 35.00 that offer all a consistently require and a great deal more than gets at these prices.

—we have set out to convince men that it pays here and the fact that we are saying "There's RIGHT with our business," instead of asking "WRONG" proves that a lot of men have been

—see these value-test suits we're offering at —it's a pretty safe wager you can get what you save money.

—quality, style and satisfaction built in—no necessary after you see the suits—it's all tailored in it, and so apparent that the least meticulous man of it.
